

We asked our employees to tell us about their work environment and experiences with Manna and its family of brands. Here is a sample of what they had to say about working at Manna:

"I enjoy working at Manna because of the great people that work here. I look forward to coming to work every day because of the wonderful work environment and the variety and challenges related to our growing company. Manna provides many career opportunities for all its employees."

Rick D., V.P. Finance

"I learned more in the first year at Manna than I learned in my previous history within the Air Freight industry. Manna offered me a chance to improve my skill set and be a part of something bigger than I was before. I am allowed to learn new skills and offer solutions that were received and either disputed or acted upon, not ignored. I am not employee # 27635, I am Chris."

Chris N., Procurement Analyst

"No day is like the one before. There is always something new to do or learn and it is never ending. There is no limit to what you can learn in this industry."

Joe L., Route

"I like how employees are given independence to make decisions and contribute ideas to the company."

Stephanie B., Customer Service Rep

"I really like the atmosphere here. If you have a question you can always ask someone and they will help you. Also, it seems like you learn something new every day which helps build your knowledge of the company."

Briana P., Customer Service Rep

“Being able to work with people all over. To come together as a whole to get a single job done. Completion is satisfying and knowing you did a good job is a great feeling.”

Cassandra B., Route

“Everything! The job itself is great, and the people are great to work with and for, and what we do is simply amazing too. This is a great company to work for.”

Amanda R., Customer Service Rep

“I appreciate the flexible hours. It's helpful for a working parent to have different hours available. With school age children, their schedules are very different in the summer compared to the school year. Manna does a good job in providing this flexibility.”

Gretchen W., Customer Service Rep

“Everyday I'm presented with a new challenge and I would never describe what I do at Manna as boring or monotonous. It's this fast paced environment that keeps me interested day in and day out. Additionally I feel I work with a great group of people. My team works well together and I believe everyone on the team genuinely likes everyone they work with, something that can't be said of other jobs I've had. Finally, I enjoy the overall atmosphere of the company. I feel I've got an opportunity every day to contribute new ideas, learn new skills, and take on new challenges. That is not something I'd say about my previous jobs. The openness and overall community feeling are great. Even though we're split up into individual brands, I feel that everyone is truly working toward the greater good of the company, and not just their individual brand.”

Erin A., Customer Service Rep
